

## Dallin Keith Norton

November 28, 1986 - June 18, 2018

On June 18, 2018, our Champion of a son, brother, nephew, cousin, and friend passed away in his sleep from complications related to diabetes. He leaves behind a heartbroken family, including his mother and biggest fan Diane Vincent, his twin brother and friend from birth Curtis, and his sister Robyn (Scott), who considered Dallin her best friend. He also leaves a huge extended family of Aunts, Uncles, and Cousins who were everything to him. Dallin had more friends than we can mention, and was dearly loved by the Wasatch Community. He will be missed so much by so many.

Dallin was born on November 28, 1986, in Heber City, Utah. He came into this world with a fighting spirit and a heart as huge as the man he would become. Other than a few and relatively short ventures, Dallin stayed in his beloved Heber Valley. He faced many challenges in his lifetime, not the least being Type I Diabetes from the age of 4 on. In spite of his strong desire and efforts to keep himself healthy, this terrible disease took its toll on his body over the years.

Dallin kept life interesting and fun for all of us. As a little boy, he was full of adventure, charm, and mischief. During his high school years he won 3 State Championships in wrestling. He was the Greco National Champion, and four time All American. He played and loved football as well, and was selected to the All-State Team three years in a row. Dallin loved being a part of a team and loved his teammates like family. After graduation Dallin completed an Associate's Degree at UVU, and wrestled on their team for one season. He worked at several different jobs, and at each job he grew a new family. Dallin was currently living in Phoenix, attending MMI to become a motorcycle mechanic. He was proud and excited, and was looking forward to starting his new career. At the time of his passing he only had six weeks left before graduation.

He was preceded in death by his Grandparents Keith and Carma Vincent, Joy Stindt, and his cousin Batynam. Dallin's father, Steven Norton, also preceded him in death, and this was a loss that Dallin struggled with every day.

Besides his friends and family, Dallin had many loves in his life, including his Harley Davidson, his big red truck, the Green Bay Packers, his home, and our hound dogs. We can't believe Dallin is gone and that we will have to go on without him. We hope he is riding fast and free, with no worries and no problems, and knowing how very much he is loved and missed.

There will be a memorial service for Dallin on Monday, July 2nd, at 6:00 pm at the Chalet, in Midway, Utah. All friends and family are invited to join us. Please bring a blanket if you'd like to sit on the grass. A light dinner will be served.

“ I loved Dallin when he used to come in Main Street Station and talk to me. He was always so polite and nice to me. He will be missed I'm sure. He will leave a huge whole in your hearts but I'm sure he is gloriously reunited now with his Dad. I thought a lot of him. He was a great human being and we were all better for knowing him and loving him while he was here.

“ Diane and family,

I am so saddened to hear of Dallin's passing. I remember him so well as little boy with his twin brother. One going one way and the other going another!!  
How you had your hands full Diane, it was fun to watch!  
I am mourning with you and hope that you can have some comfort and peace at his passing.  
Take comfort in knowing that we will all be together some day.

With love,  
Debbie Sorensen

“ A single memory doesn't do Dal justice. Nearly every memory of my childhood feature Curtis and Dallin. The three of us were inseparable. Time has put physical distance between us but nothing could ever break our bond of brotherhood.  
Love ya Dal, stories of our childhood, of your kindness, craziness, friendship and everything else will be a part of my kids upbringing.  
The best of us are always taken too soon.

“ wow! This obituary couldnt have been written more beautifully. my thoughts go out to Dallins family at this time. Dallin made me smile on many gloomy days. He had a spirit full of love and acceptance and he was a person anyone would love. Dallin, rest easy I know you earned a spot above.

“ I remember taking you and Curtis to Little Wasp wrestling with my boys and who could forget the "seatbelt episode".  
Years later you and I would work together on the freight crew at Smith's and I loved seeing your smiling face there and how you would say to me "are you getting it done Mr. Flynn?"  
Dallin, you and I share a love for our Harley's and I will think about you every time I ride.  
I am priviledged to call you a friend and a brother.  
Ride free, ride fast and Godspeed brother!  
With all the love and respect that you know I have for you,  
John Wayne Flynn
